I am writing this email as to plead for your intervention in our situation

This is the story

2019/10/28 We were sent by Correctional Services at Kroonstad DCS Training college For to us acquire correctional Science Certificates the leadership programme was scheduled for 12month theory it's 4 months than practical it's 8month Due to Covid19 our leadership programe took 14 months our last day was on the 11th of Dec 2020

By the time of our leanership we were not permitted to take any leave and the promise was after we are done with our programe we will be permitted to do so.

AS we were at the College we had a visit of Mr Mashibhini from Had OFFICE and he said they need us and they are ggoing to hire us as they have a lot of vacancies Further said they even re inveted the former officials due to shortage of stuff in his conclusion he also said they also requested members from SANDF (reservist)

To our surprised in our last few month of our learnership the dept appointed SANDF reservist permanent and we recieved a communication from Head OFFICE which instruct us to Stay at home till further notice....This affected more than 1000 students from both DCS Training college's The were group of learners be for us which were on contract with DCS they also received the letter which terminates their contract as well after a period of 12 months...

The Department had invested to more than 2000 students using the Texas of South Africans the resources to make sure and keep south Africa safe

But today we jobless we were overlooked by the dept the dept choosed untrained people over us

...

Can you please Sir try to find out what happened to the norm of this dept as today they are claiming that they have no money ...Since we were waiting for the dept for the past 5month the dept it's silent

We need answers on thi regards...we can't EVIN benefit on government grats due to the fact that our names it's on the persal of the dept
